Jewish End-time Ministries

Reaching out to Jews in Cuba

JUNE 2013

Dear Praying Friends:

It has been quite a long time since my last March Prayer letter and I have been missing sharing with you my prayer needs. I had an interview in the American Interest Section (American embassy) in Havana, applying for a temporary visa to come to the states 1 month this year, but my request was denied. I was waiting to come to you with different news in order to be able to visit your congregation if possible but I cannot do it in this letter. However they rescheduled me an appointment for July 24th, I'm praying to have a different result this time and **I'm desiring your prayers in this matter.**

What I have to share with you from now on in this letter still keeps me happy. Recently this year we launch at JEM the "Spanish Lighthouse Project", which is our design of the Spanish speaking ministries design for our ministry. The Lord is opening doors in Spanish speaking communities in different areas and countries and we want to join his revival there. Although I'm the Spanish Speaking Ministries Director for JEM, I still have not the privilege to go in a mission trip into a Spanish speaking country because of the many regulations in those countries embassies for Cubans. So far, my visa for going to Guatemala still has not arrived and we apply for it in January this year and all I have been able to do is coordinate the work on those communities for the missionaries that do can go. One thing I can do, speak for my country and for the great blessing the Lord is giving us to be a missionary in the midst of my own people. This year I we have been able to do 2 of our End-time outreaches, one in San Juan y Martinez, Pinar del Río, pastor Yoslier Brache and the other one in San José de las Lajas, Mayabeque, pastor Dariel Llanes. Both with a great harvest in souls and testimonies. Although the majority of our Cuban population are non-Jewish people, I've been seeking within every place I go, while knocking door by door, searching for the lost souls of the house of Israel, but this time, we had the great blessing to found 3 Jewish homes in the last outreach in San José de las Lajas, and the family father in one of them accepted Christ as his Savior. **This old Jewish man, who emigrated from Poland, giving testimony to trust Jesus as his personal Savior with one of the missionaries was the highlight of our outreach and we rejoice our efforts are never in vain, even for the Jewish Cuban souls.**

As a total number we were able to see **617 people trusting the Lord Jesus as their personal savior** (216 in San Juan y Martinez and 401 in San José de las Lajas), **including the Jewish man from Poland.** While in San Juan y Martinez in one occasion we went to this very humble house in the hills. There was a woman painting the walls. We saw her acceptance and ask her the possibility to come in and just take a few minutes to talk about the Bible. Once she agreed and we came in, we found her husband, who was also painting in another room. They both came to listen. We found they had lost a 3 year old kid, and they had a broken heart. But the message of our Heavenly Father, who saw his son been crucified in the cross for us, was enough to comfort them and bring up salvation to this couple! Glory to God! The pastor of this town, a few weeks ago report to me the church is growing with such a harvest because they already open a new house church and in every one of the old one, including this one, every week they gather over 30 people. The Cuban government is restricting the import of Bibles to Cuba, and we are in a great need of Bibles for this new brothers and sisters. *The members of this church are bringing old used Bibles to the Temple to be fixed and given to the new believers;* this is something I had never seen before. Their passion is encouraging me to continue the work!

I rejoice to tell you about "El Capri" Baptist church in Havana city, with pastor Ramiro Cesna. Which is the first church in Cuba to be a Jewish mission's supporter church and already gave me an offering to be send to a Cuban missionary and pastor living in Eilat, Israel. You may remind this was the church we held an outreach last year with a lot of witchcraft opposition in the neighborhood. I've been welcome to preached there several times. This is the first church and the first time it happens but not the only one since I have already some pastors committed to do it also.

Sadly I recently met a foreign Jewish Lubavitch Rabbi from Argentina, sent to Cuba to Judaize the Jewish people. It was surprising to me how he would value more their deeds than their faith. In his mind it is more important to fulfill God's commandments as an obligation rather than faith. Seems like the Jewish are interesting in keeping their Jewish people following man's ideas more than God's, and I pray the Lord to give us wisdom and his words as we do missions. I got to know him because his cousin is about to decide for Jesus and she has so many questions in her heart that she wanted to bring us together to find the truth. *I pray she will find is very soon, even this Rabbi who truly needs to find God in Jesus Christ!*

COMING PLANS

If my visa for Guatemala arrives in June as predicted by the officials, I'm planning to travel to Guatemala to work at a church that wants to start a ministry to the Jews. I plan on doing some evangelistic preaching also. You may know our JEM team went to Guatemala with a successful outreach but I could not join them as my visa didn't arrived on time. Otherwise I plan on continue with the Jewish visitation and gospel tract ministry and the End-times Outreaches agenda.

PRAYER MOTIVES

Pray for my family. I certainly need the Lord to protect my family as I travel. My wife is having serious nauseas when she changes from been stand up to lay down, or vice versa. Everything points to be a problem on her ears.

Please pray for our Temporal US Visa request in an interview on July 24th. We need this visa to travel to the states.

Pray for our Jewish missions efforts to be guided by the Lord. There is a great need in the Jewish community, I just pray the Lord to guide us to the right place in the right moment, with his righteous words!

Your servant in Jesus
